TELEPHONE No. 366.

# 1893.—MANITOBA.—1893.

In issuing this, our annual list of farm lands for sale, we wish again to call the attention of intending settlers to the advantages to be obtained by buying land within the Province, and within reach of Winnipeg, the great centre of trade, and the chief city west of Lake Superior.

The farmer who can market his produce in Winnipeg receives from 10 to 25 per cent. more for it than the man who has to sell on some local market where there is little competition, and from where the produce of his labor has to be shipped to or through Winnipeg before the highest price can be obtained.

This difference is not so marked in prices of grain, although there is always from 2 to 5 cents per bushel in favor of the Winnipeg market; but in all the smaller products of the farm, such as butter, eggs, poultry, vegetables, etc., etc., there is a difference which will astonish a man who takes the trouble to calculate it, a difference which will in a few years amount to enough to pay for his land near the large market centre. At present, prices of land are no higher here than elsewhere in the Province, but as the city grows, and demand for farm produce increases, prices will advance in proportion, and the purchaser of to-day will find his land trebled in value in all probability before the last instalment is paid on purchase price.

The above argument will, of course, apply in a lesser degree to settlements in the vicinity of growing towns and villages in the Province, and as all comers cannot be suited with land near Winnipeg we publish in this pamphlet a partial list of lands we hold for sale in various parts of the province. The list by no means includes all lands on our books, as we are constantly in receipt of letters asking us to sell for non-residents, consequently we invite correspondence from any one desiring to purchase. Name the district in which you wish to buy and we will give you a complete list and prices.

Besides the farms described herein we have a large list of city and suburban property for sale at low figures and on easy terms of payment. We personally inspect all property before purchasing for our clients, and base our reputation on our reports.

Having had fourteen years' experience and constant practice in the Real Estate business and inspection of lands, we understand values, choice of location, and have a thorough knowledge of the country.

We invest money on first mortgages, collect interest, pay taxes, and take supervision of property for non-residents. Correspondence solicited, and information cheerfully given regarding the Province.

## TO NON-RESIDENTS.

We invite correspondence regarding property held in Manitoba by non-residents.

We will give a fair valuation on city property, with which we are well acquainted, and as Mr. Cross has had 6 years experience as C.P.R. Land Inspector we can give a fair valuation in farm lands in any part of the Province.

Any property, either farm or city, listed with us for sale will have our prompt attention.

**CROTTY & CROSS,**

Real Estate Agents,

WINNIPEG.
